ABOUT US

Lively, authentic, full of joy and a tad chaotic: Meet Le Vibe, an eclectic reggae band consisting of seven musicians.

While sharing a common love for Reggae music, each member of the band enriches Le Vibe's musical soundscape with their own influences.

Over the years, this has led the band to create a unique blend ranging from Roots Reggae to Afrobeat and Funk, which they chose to describe as "reggae fusion" since no other genre could fit the bill.

Their honest and uplifting music strives to move and inspire their audience by working towards the goal of making people dance and think. They manage to achieve this by combining fun, sunny and groovy music with lyrics tackling social, psychological and spiritual topics in the spirit of Roots Reggae.

Live shows are where Le Vibes shines most and show their true selves : the two front men's spontaneous interacting with the public and among themselves makes every concert as entertaining as unique.

We guarantee that you won't be able to resist the urge to move your feet!
