NOSI

BIOGRAPHY

As a DJ and Producer, NOSI started frequenting the clubs and began spinning at local venues in Luxembourg at the age of 17. After winning a DJ contest in 2017, he gained popularity across the country and started a residency at M Club Luxembourg (most famous and award-winning club).

After bringing his unique style of sets and music knowledge to the biggest clubs and festivals in Luxembourg, NOSI started a second residency at EGO Club Saarbrücken, Germany in 2019. He won 'Best DJ Generalist' at the 'Luxembourg Nightlife Awards', which made him the #1 DJ at the young age of 19.

NOSI began his transition from open format DJ to electronic music production, releasing his first national hits such as his debut-single 'Schëdden' followed by 'Marrakesch' (2019) and 'Klengen Drenken' (2021). NOSI is set to continue this path and to bring a new vibe to the local club and music scene.
