

# Ananda Grows – In Hülle und Fülle

Ananda Grows is a musical embrace of your inner worlds and a musical journey by the exceptional producer and musician Nick Sauber! Music for the soul with a collaborative approach of working with different artists in the world!

The music on his opus incorporates a variety of different influences, you can find a wide range of music styles, such as jazz fusion/nu jazz, experimental, urban r'n'b, chill hop and electronica.

The focus is on unique, lovingly created and selected sounds. These individuals are embedded in mostly improvised structures and find their ways into one harmonic unity.
